Phoenix Security NYC has set its goals on combating and solving the challenges in the security world during this new COVID-19 pandemic. Our Primary objective aside from securing the assets of our clients, is to adapt and be prepared to face new threats and challenges as they arise. During these uncertain times, now more than ever, our security officers, Fireguards and Fire Life & Safety Directors, along with first responders and healthcare workers, have risen to the challenge and remained on the forefront to combat this pandemic, serving our community, our city and our clients.

Since its creation 20 years ago, Phoenix Security NYC has positioned itself as one of the country's leaders in the security industry, offering state of the art protection to some of the most prestigious establishments in the New York Tri State area, Chicago, Florida and L.A, specializing in Commercial and Residential properties, Private Homes and Executive Protection, Nightlife and Hospitality, Retail stores and Warehouse facilities, Schools, and Religious and Government centers.

Our privileged and long-lasting partnership with our valued and prominent clients has been solidified by our ability to study and fully understand the culture and nuances specific to each brand and train our security officers to become an inherent and vital part of their daily operation.

Preparedness and understanding of the current threat of COVID-19 is the most fundamental aspect of the battle ahead and the center focus of our organization. As a result, our licensed Security Officers have been undergoing extensive training on **Strict Sanitary Hygiene** Guidelines and **Social Distancing practices**, operating the latest technology to perform **Temperature Scans** of everyone entering your establishment to allow you to keep your employees, patrons and tenants safe during these challenging times.

Our COVID-19 preparedness program and scope of services:

Health Screening: Our Services include Fever Detection & Thermal Scanning Solutions, administered by our trained security officers as part

of the new projected access control protocols that will be essential to the reopening phase of all businesses:

As part of our response program, we have conducted extensive research to ensure that our technology resources are reliable, durable, FDA approved and 100% safe to the operator and tested subject.

#1: Fever Detection & Thermal Scanners: Our Company has partnered up with the #1 Fever Detection & Thermal Scanning Solution purveyor in the Marketplace combining contactless thermal scanning technology with advanced analytics capacities and Hi Trust Compliant Cloud- Based Platform providing you with the ultimate solution to help your organization return from this pandemic and reduce anxiety of customers and staff.

Contact: 477 Madison Avenue, New York, New York 10021.
Phone: (888) 503-3382 Email: info@phoenixsecuritynyc.com

#2: Handheld Infrared Contactless Scanners: As an additional or secondary option, we are equipped with FDA Approved and CE Certified non-contact infrared Thermometers capable of accurately detecting elevated body temperatures, simple to use, delivering results in seconds.

#3: Personal Protection Equipment: We have acquired a substantial inventory of Personal Protection Equipment, including sterile gloves, masks, and hand sanitizer to protect our staff and we are prepared to supply all our clients to meet their establishment's needs.

Phoenix Security NYC is the #1 Solution for all of your security personnel and screening needs for any public or private venue.
